

Shallow well JSS

The body of the JSS pump is made of stainless steel #304. The impeller and the injector are in polymer reinforced with fibre glass. The aluminium motor housing gives a superior heat dissipation when intense use is required.

CHARACTERISTICS

- The stainless steel pump body is ideal for drinking water.
- Single phase motor with switch 115/230 Volts.
- Suction until 25 feet of depth.
- High pressure injector incorporated in the body to give optimal efficiency.
- Pressure switch and pressure gauge are included and assembled to

Part number	Model	Motor H.P. (kW)	Volts	Suction inch (mm)	Discharge inch (mm)	Shipping weight lb (kg)
319-0050	JSS61	1/2 (0.37)	115 / 230	1" (25.4 mm)	1" (25.4 mm)	16 lb (7 kg)

PUMP + TANK KIT ASSEMBLY (READY TO USE)

Part number	Model	Motor H.P. (kW)	Shipping weight lb (kg)
319-0700	JSS61 + tank	1/2 (0.37)	29 lb (13 kg)
